## Winter & Spring Coaching Programs

### Tri Stroke Clinic

A ten week clinic focusing on stroke technique and triathlon swimming fitness at Asphalt Green. This clinic is designed for triathletes that have basic swimming skills (*can swim 100 yards non-stop*). Novice triathletes are welcome too (*as long as you can swim 100 yards non-stop*). Each session will cover stroke drills, individual consultation and correction of your stroke mechanics and fitness drills. Expect to cover between 1,500 and 3,500 yards each session. **We do underwater video taping of your stroke for detailed analysis.** Each session is 60 minutes of pool time and 30 to 60 minutes for video tape review. We will hold two "**open water simulation**" sessions with wetsuits. Space is limited, and the clinic fills up fast, so sign-up early.

**Place:** Asphalt Green, York Avenue & 91st Street

**Spring** – (*clinic dates are subject to change*)

1. March 7 Friday 8 pm
2. March 16 Sunday 3 pm
3. March 21 Friday 8 pm
4. March 29 Saturday 3 pm
5. April 4 Friday 8 pm
6. April 11 Friday 8 pm
7. April 19 Saturday 3 pm
8. May 3 Saturday 3 pm
9. May 10 Saturday 3 pm – "Open Water Simulation with Wetsuits"
10. May 17 Saturday 3 pm – "Open Water Simulation with Wetsuits"

### Schedule of Future Clinics

**Summer Session** – May 31 thru August 23

**Fall Session** – September 13 thru November 15

For additional information on any of these programs, contact: Neil L. Cook, 212-472-9281 or 917-575-1901 or [Coach@SLB-Coaching.com](mailto:Coach@SLB-Coaching.com)

### E-Mail Coaching

A coaching program that provides weekly workout plans for **Runners, Marathoners, Triathletes, Swimmers** and **Cyclists**. The program is on a monthly basis.

## SLB Weekly Newsletter #10 week of February 10, 2003

A training program for runners and marathoners. This program is designed to prepare you for a goal race or just to improve fitness and performance. The E-Mail Coaching Program is for **Marathoners, Runners, Triathletes, Swimmers and Cyclists**. The program includes a personalized training program for each week, geared towards your goals. The program is designed to take you from your current fitness and skill level to a level that will allow you to reach your goals.

The weekly training sessions will include – base building, strength building, speed building and race preparation. The training program will include Hill, Lactate Threshold, Speed, Tempo workouts, Long and Middle distance workouts and recovery days.

If you are attempting your first race, the workouts will get you ready to complete your first race successfully and enjoyably. If you are an experienced athlete, the workouts will help you reach your goals for the season. Beginning, experience and advanced athletes are welcome.

For additional information on any of these programs, contact: Neil L. Cook, 212-472-9281 or 917-575-1901 or [Coach@SLB-Coaching.com](mailto:Coach@SLB-Coaching.com)

## Swim Stroke Video Tape Analysis

We now offer private and group Swim Stroke Video Tape Analysis. Using an underwater video camera we will tape your stroke and provide an analysis of your technique.

We are providing Video Tape Swim Stroke Analysis to the AGUA Masters Swim Team at Asphalt Green on Monday, Wednesday and Friday mornings and Tuesday evenings. Video Tape Swim Stroke Analysis is provided at all SLB Coaching Tri Stroke Clinics.

One of the key tools for stroke improvement is Video Tape Analysis. The ability to make stroke corrections depends on a good body awareness – a good kinesthetic sense. It is difficult to break old habits. It is especially difficult when you do not have a good image of your stroke.

Using an underwater video camera and taping your swimming, we can greatly improve your kinesthetic sense, awareness of your stroke, body position, mechanics and stroke.

## Race News

The Mercury Masters have won the Veterans Women's Team Points Championship! The new team of over 50 year old women clinched the points title with outstanding performances by a number of team members and the support of the entire team. The Merms completed the year with 174 points 30 points ahead of runner-up Millrose AA, taking first team in seven of the 11 points races!

If you are a woman over 50 and are looking for a group to run with, go to there website: <http://www.MercuryMasters.org> for more information. Although they are now the top over 50 women's team in NYC, they welcome women of all abilities.

## Cycling Survey

*From: Florida Cycling*

As a cyclist, do you want to be heard?

And I don't mean being heard by the !&%\$# that just cut you off in traffic.

Here is a chance to voice your opinion on Federal funding for bicycling facilities and education in coming years. This survey is sponsored by Bicycling.com and the results will be used as part of the National Bike Summit on March 5-7.

The data collected in the survey quantifies bicyclists as voters, tax payers, and users of roadways who want federal funding to continue for bike lanes, bike trails, and better education for both bicyclists and motorists. Last year, nearly 1800 people took the survey. This year, we want to hit DC with responses from 5000 cyclists across America. Our message to Congress, delivered in person through hundreds of meetings at the National Bike Summit with every member of Congress, and backed up with the survey data in hand, is that cyclists are a huge constituency of voters who spend our incomes to use bicycles for transportation, recreation, and sport. We want continued federal funding for bicycle facilities (more than \$2 billion since 1991), routine accommodation (safe bike access on any roads or bridges built), and Safe Routes to School programs (so our children grow up riding bicycles). As voters, taxpayers, and small business owners, we demand no less.

Please take a minute to complete the survey so we'll have powerful data for the National Bike Summit. I'd also like to thank our friends at Bicycling magazine for hosting this important survey.

Find the survey at <http://survey1.rodale.com/rodale-2way-v56/2w78W/Link.html>

And if you haven't endorsed the America Bikes agenda ([www.americabikes.org](http://www.americabikes.org).) please do this as well. These are two easy ways for you to speak out about your passion for bicycling.

## Workout of The Week

### *Trainer Drills*

Put a block of wood under your front wheel to tilt the front of your bike up as if you were on a hill.

### Stand and Ascend Drill

This workout should take 30 to 40 minutes.

# SLB Coaching & Training Systems

## SLB Weekly Newsletter #10 week of February 10, 2003

This is a good "short" workout for winter days. Do not attempt this workout until you have completed at least 4 weeks of your Base Building Phase. Remember to pedal in circles, don't let the hard effort force you to change your pedal stroke.

### Warm-up

5 to 10 minutes easy spinning to raise your heart rate and body temperature.

### Main Set

20 minutes:

Stand and pedal rhythmically in a large gear (53x13) for 2 minutes. Your HR will rise to within 5 beats of your LT. It will feel hard.

Then, sit down, shift to the small chainring and spin easily for 2 minutes.

Repeat 4 times.

During the final 3 repeats, your HR should climb to your LT or slightly above for the last few seconds of the interval.

### Cool-down

5 to 10 minutes easy spinning to allow your heart rate and body temperature to come down into the recovery range.
